

REMARKS

Claims 1-12 are pending in this application.

In an October 23, 2007 telephone conference with Examiner Levy, the undersigned informed Examiner Levy that the original election of species in the Amendment and Response to Restriction and Election of Species Requirement filed on October 22, 2007 was in error. Examiner Levy agreed that if a Supplemental Response was filed to elect the correct species, he would permit the switch in election as the application has not yet undergone substantive examination. This response accordingly revises the election of species.

In reply to the Restriction Requirement, Applicants provisionally elect Group I, claims 1-12, and in reply to the Election of Species Requirement, Applicants elect (1) the polyester species polyethylene terephthalate and (2) the insecticidal chemical 4-methoxymethyl-2,3,5,6-tetrafluorobenzyl-2,2-dimethyl-3-(1-propenyl)cyclopropane carboxylate.

Applicants submit that at least claims 1-5 and 7-12 read on the elected species, and that at least claims 1-5 and 7-12 are generic to all of the indicated species. It is submitted that upon allowance of the elected species, the remaining species, including the species of claim 6, should be rejoined with the present application and similarly allowed.

In view of the foregoing, it is respectfully submitted that this application is in condition for allowance. Favorable reconsideration and prompt allowance of claims 1-12 are earnestly solicited.

Should the Examiner believe that anything further would be desirable in order to place this application in even better condition for allowance, the Examiner is invited to contact the undersigned at the telephone number set forth below.

Respectfully submitted,

Leana Levin
